YOUTH

PROJECT DESCRIPTION

By promoting the youth to learn how to develop themselves using art, craft, and music and how to present a subject or project; motivating them; improving their skills and sensitivities; creating a valuable volunteering experience for the youth; helping the young people with limited opportunities discover their creativity and providing them more active participation in life this project aims to enable the youth to take a step further in their difficulties in finding a job.

Again, the project aims to lead the youth to gain the confidence, motivation, and skills needed to acquire the ability to express themselves at their best with bridging them over to “overcome” and “verbalize” their problems through creativity plus teaching them to relay their thoughts freely to the other side without hesitation. Hereby, they will be more successful in their search for jobs and provided employment.

The project takes aim at inspiring,empowering, and motivating the youth in being volunteers, being self-employed, being self-contained, being citizens who are fully active; that is to say, motivating them to establish social enterprises and businesses to convert them to exchange agents for them to make it easier finding a job guiding them on all these issues.

WHO WE ARE ?

The Polip Youth Association was founded in 2004, by experienced youth workers. Our goal is to help young people mainly in their everyday problems, giving information, organizing training and leisure time activities, providing professional support to other organizations in our county. We work in several youth programs: ERASMUS+: EVS/ESC (S,C, H) youth exchange, VET, VETPRO.

YOBBA (Youth Beyond Borders Association) is a youth association founded by those who put traveling in the center of their universe. YOBBA believes that traveling and being in different cultures for a long time has positive effects on people's perspectives.

YOBBA is inspired by the great motivation of getting to know new cultures that improve people and of trying to make traveling accessible to everyone. The main the objective of YOBBA in this field is to provide opportunities for the young so that they can improve themselves in many areas. ActUvision is a joint project of POLIP and YOBBA. The strength of our partnership comes from the ESC projects that we have carried out together before and also our volunteers .

TRAVEL INFORMATION

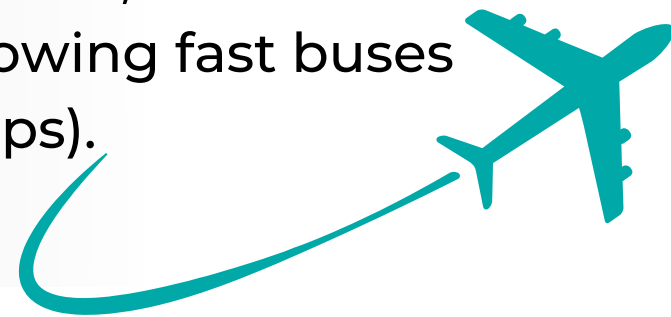

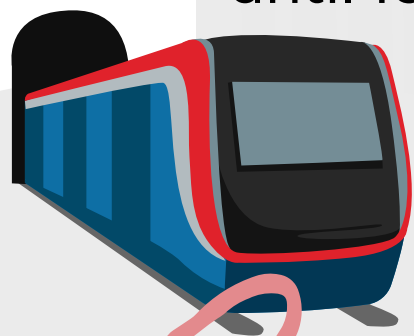

On Friday you should take the bus 200E from Liszt Ferenc Airport (you'll need 2 tickets, don't forget to buy them in advance. There must be some offices or automatás with the name 'BKK', and there you can buy one).

At KÖKI (=Kőbánya-Kispest) you have to get off and change to metro(subway) No.3. (it's quite tricky, try to ask for some help, please.) Go until Népliget bus station. There you'll find the ticket office in the basement, and you have to buy the ticket to Szekszárd in advance, too.

There are two buses at 15:05 which don't stop at anywhere but Szekszárd - get one of them (your ticket will show the line number!!).

If something happens and you cannot take that, then wait until 16:05 or 17:05, because those are the following fast buses (the others stop at almost all stops).
